New User Interface

ANY GADGET ANYWHERE!

The screenshot displays the AV-x WBE interface. At the top, it shows the date and time: October 31, 2025 10:21:04 AM. Below this, there's a section for 'Eng - JOES Demo - [JOES-DEMO]' with buttons for 'Start Next', 'Auto Segue', and 'Fade Out'. The main area is a grid of song titles and artists, including 'Venus' by Bananarama, 'POSSESSION' by SARAH McLACHLAN, and 'Down South Jukin'' by Lynyrd Skynyrd. A sidebar on the left shows a list of songs with columns for Name, Description, Artist / Client, Intro, Audio, and Len. At the bottom, there's a 'Schedule' section with a table of song titles, artists, and names. A white arrow points to the 'Starts' column in the grid, and another white arrow points to the 'Schedule' section.

PLAYBACK GADGETS
WHERE YOU WANT THEM!

Users Agree! AV-xI is a hit!

"AV-xI is the most 'flexible' UI BE has created. The amount of slots and positions, plus bringing back the internet/web gadget makes this a win for anyone in any situation."

CHRIS COLLINS, Operations Manager
The Radio People

"AV-xI give us the ability to do things with AudioVAULT we've only dreamt about"

KEVIN BUENTE, Chief Engineer
WHIZ

"We're so excited to be using the new AudioVAULT Flex AV-xI layout. The flexibility of the 18 positions for Gadgets has allowed us to create layouts that we've wanted to do for quite some time "

MARK WITTKOSKI, CBNE,
Senior Broadcast Maintenance Engineer,
WGVU Public Media

Stop letting old studio paradigms dictate your workflow and your budget!

We've broken the mold by delivering a completely re-imagined user experience and disrupting the market with a new pricing model, making our advanced feature set unexpectedly accessible.
